Selectmen's Meeting

APRIL 9, 1985 - by VIRGINIA ARRAL
APPOINTMENT TO OLD COLONY VOKE SCHOOL COMMITTEE DELAYED

Although Town Moderator R. William Blasdale was present at last week's Selectmen's meeting to conduct the appointment of a member to the Old Colony Vocational-Technical High School Committee in conjunction with the Mattapoisett School Committee and the Board of Selectmen, no decision could be reached because the school committee members were absent.

Due to a conflict of commitments, the three members of the Mattapoisett School Committee were attending a retirement party in Whitman. School Committee Chairman Maureen Best had spoken earlier with Selectman James F. Huntoon, but due to a misunderstanding, Mrs. Best thought the meeting was being canceled.

The appointment must be made by May 1st. The term of Blanche Perry will expire April 30th, and although she is not resigning, a formal appointment must be made.

Selectmen briefly discussed with Blasdale the Old Colony budget and the lack of participation of Mattapoisett students at the vocational school.

Huntoon noted only 52 Mattapoisett students attend the school at the present time. The school covers the towns of Mattapoisett, Carver, Rochester and Acushnet. Huntoon said perhaps the town should consider selling some of the share of student seats to Lakeville. Selectmen Chairman John DeCosta said he wouldn't want to give up any slots now.

It was agreed to meet next Tuesday with Blasdale, the Mattapoisett School Committee and members of the Old Colony Voke Committee to discuss the lack of interest from eligible town students.

Commenting from the Old Colony School, James F. Burke, Director of Pupil Personnel Service, said the problem of low participation by Mattapoisett students is not a recent one. He added that the 140 pupil quota was the original figure agreed upon by persons involved in setting the number of seats when the school opened for the 1976-1977 school year. "I think they overestimated", he said.

In other business, Selectmen:

WILL REFER to the Mattapoisett Housing Authority a notice from HUD (U.S. Department of Housing and Urban Development) on an application for Section 8 housing.

The Massachusetts Executive Office of Communities and Development has applied to administer 75 units of Section 8 housing in Plymouth/Bristol Counties. The department seeks information to see if Mattapoisett is in need of such housing assistance (six one-bedroom units for the elderly/handicapped; 35 two-bedroom units, 28 three-bedroom units and 6 four-bedroom units for the non-elderly).

Selectmen made no comment on the communication but will refer the matter to the housing authority.

DeCosta felt the section calling for an $18,000 minimum salary for starting teachers with the state picking up part of the cost for three years will create a hardship on towns when they will have to pay later. "It will have a ripple effect", said DeCosta, "because the teachers with a higher salary would want increases."

DISCUSSED the town tax situation and the idea that selectmen should have the town's growth evaluation figures each year certified so as to give a better idea what the tax levy will be. The Board of Assessors are giving the date of late April or the first of May for the real estate tax bills to be sent out. A spokesman from the Assessors' Office said "we are waiting for an answer from Boston - a rate will be set - it will have to be certified by the state - then we can have the bills printed and sent out."

Energy Efficient

Just 3 years old, this well planned home was designed for energy conservation. Well insulated and heated by an oil or solid fuel warm air system. The heating costs are very reasonable.

An open living, dining and kitchen area is surrounded by a large (12 x 28) covered porch and open sundeck. Three bedrooms plus 2 full baths complete the first floor. A large open attic has expansion possibilities. 2 car garage and storage shed are attached.

Located on 1.83 acres of land on a hillside within walking distance of an excellent shellfishing area and town boat landing. Must be seen to appreciate the sunshine-openness of the house and its attractive natural setting.

cy. He learned from every drill and by the end of the year he was a regular varsity player. An injury ended his season prematurely but he will certainly help the team next year."

Bob Browne Award (for sportsmanship), Sean Brice. "Sean combines talent with hustle and probably saw more ice time than anyone else on the team. In addition he received the least amount of penalties of the regular players."

Most Valuable Player, Tim Drew, Captain. "Tim was our starting center, played power play, short handed, and at times defense. He ended the season with 29 points overall. The aspect most pleasing to the coaches was his hustle in practice and the games."

Heuberger Award - for the Senior who excelled in school and on the ice, Chris Hilley. "Chris, a two-year captain, known for his intensity in practice and the games. Chris was the second leading scorer this year and first last year. He will be missed next year."

O.R.R. Fashion Show

With the arrival of Spring comes a renewed interest in dressing up in the latest fashions. If you want to see what is new and original in fashion, save Saturday evening, April 27th. At this time the Old Rochester Regional High School Art Department is sponsoring a fashion show. All fashions are being designed and made by students in the Art Department. Most outfits will be modeled by their designers.

On a field trip to New York City last spring the art students saw a fashion exhibit at the Metropolitan Museum of Art. This exhibit prompted the students to explore the possibility of a fashion show as a fund-raiser. One year later the show is a reality. Twenty-eight original designs will be modeled at the show. Under the direction of art instructor Jean Hong and home economics instructor Jeanne Yehle, the students are working on the final product. Proceeds from the show will enable art students to take field trips to Washington, D.C. and Boston.

Don't miss the Art Department Fashion Show on Saturday, April 27th, at 7:30 p.m. in the high school auditorium. A reception in the cafeteria will follow.

Letter to the Editor

We have waited in vain for several months for the press to publish an account of what we consider to be an unjustifiably high expense to the taxpayers of the Town of Mattapoisett as well as a total disregard of the vote of the Town and a serious blow to the morale of the town employees. It now appears that we must use this method to bring this matter to the attention of the public.

Several months ago, a full-time heavy equipment mechanic was hired to fill a job previously performed by part-time help. We find no fault with this, nor do we question the competency of the individual mechanic concerned. The problem lies with the starting wage, which was set at $11.00 per hour, or approximately 37% higher than the highest hourly wage authorized under Article 1, "Wage and Salary Plan", as passed by the May 7, 1984 Town Meeting. Reference plan authorized an hourly wage of $8.07 for employees at the very highest grade and step, and is paid only to those of long and dedicated service, experience and the highest skills; who in most cases possess Massachusetts certification in their particular fields. This same plan authorized $7.30 per hour for a heavy equipment mechanic; a

figure which compares favorably with the highest wages paid in neighboring towns for similar skills.

We, as Water and Sewer Commissioners, are vitally interested in employee morale, proper expenditure of taxpayers' money and the power of the vote of the town's residents. When we pay a new employee $22,899.00 per year (less overtime pay) when the job is rated at $15,1984.00 in the Wage and Salary Plan, we feel that this is not only overspending $7,696.00 per year, but ignores the vote of the town. When we depart from the Personnel By-laws, which were designed to minimize unequal treatment of employees and has worked so well over the years, we are inviting employee morale problems. When we pay a new employee at a greater rate than we pay management, our current personnel by-laws have lost their effectiveness. We are now paying a mechanic more than any employee covered by the wage plan, except the Highway Surveyor, the Chief of Police and his Lieutenant, and higher than the Superintendent of the Water and Sewer Departments. Inasmuch as management personnel do not receive overtime pay, this late addition to the labor force could well receive the highest annual income from the town.

It is fully expected that an attempt will be made at the next town meeting to amend the Town Wage and Salary Plan to include the job described herein at the rate or higher than that now paid under a temporary (full-time) appointment, via a loophole in the By-laws. We feel that the voters deserve prior knowledge of the situation, in order to make a proper decision.

Ms. Woodcock is a graduate of Old Rochester Regional High School in Mattapoisett and may be remembered by music lovers for her performance in the Goldovsky summer Opera Institute at SMU and at the SMU concert series last fall. She received a bachelor of music degree with a voice performance major from Temple University. She also studied voice under Madame Jacqueline Bazinet Cobert and has taught voice at the Settlement Music School. She has performed with the Temple University Opera Theater and the Curtis Institute.

The concert is sponsored by the SMU Inauguration Planning Committee. Co-chairpersons of the committee are SMU Trustees Claire Carney '73 and Bernard Baker. Brazil on May 4th and some of the events of Inauguration Month.

Brazil became SMU's fourth president on September 1, 1984. He came from San Jose State University in California where he had been a faculty member and held several administrative positions, most recently that of academic vice president.

General admission to the concert is $5. Ticket price for senior citizens and students is $1. For tickets call the SMU ticket office in the campus center at 999-8136.

Westport Historical

"A YEAR IN THE LIFE OF THE RIVER"

The Westport Historical Society, Inc. is sponsoring a slide presentation on the Westport River to be shown as part of the Westport River Defense Fund's Greenway Protection Project. The show includes slides lent to the project by Dave Allen, Gil Fernandez, Bob Caron and John and Kathie Preston. In addition, historic postcard river scenes have been photographed as part of the program, from the collection of Mr. Al Lees. The show will be held Thursday, April 18th, at 8 p.m. at Alumni Hall in The Bell Schoolhouse, 25 Drift Road, Head of Westport.

The show depicts the natural environment of the Westport River throughout the year, from winter to late fall, along with the commercial and recreational activities associated with each season. At the end of the show there is a brief summary of the river's problems: pollution, development pressures, and natural processes of changing shorelines including siltation. Viewers are encouraged to participate in discussing these problems, and will be asked to fill out a questionnaire.

There will be a $1. admission charge for non-members. Refreshments will be served. A brief business meeting for members will precede the program.

The show will be available for display at community gatherings during Spring 1985. Its preparation was funded under a $15,000.00 grant from the Massachusetts Department of Environmental Management's Scenic Rivers Program.

If there are any questions please call the Historical Society at 636-6011.
